

# Reefer newbuilding - 582.000 cu.ft - 2 vessels

Completed cargo hold

## CARGO HOLD INSULATION:

- Engineering, design and technical solutions by MGIT.
- Solely quality materials selected.
- Thorough supervision and quality control.
- To date, no claims raised by yard or owner.
- Conventional design, but mechanical strength is maintained and general maintenance relatively easy.

Shipyard: China Ship Building Corporation, Keelung, Taiwan
